ABOUT THE COLLECTION

ABOUT YORK WALLCOVERINGS

PRODUCT TYPE

Textural, organic forms grounded in earthly inspiration.

Created to cover the diversity and overarching themes which drive the home decor industry, the York wallpaper brand collections create an umbrella of distinctive and popular design options for walls inspired by social, trend and fashion influences.

This collection features multiple product types. Product types are identified on the backprint of each pattern.

NON-WOVEN: Non-woven is a blend of compressed natural cellulose and synthetic fibers that forms a high-quality wallcovering base. It does not expand and contract with moisture yet is breathable and resistant to tearing. Seams match simply, with paste being applied either to the wallpaper back or directly to the wall. Non-woven hangs and repositions with ease and removes in full strips. Once applied, the finish has a textural hand associated with upmarket installations.

EMBOSSED VINYL ON NON-WOVEN BACKING: Embossed in Register vinyl creates an authentic textural effect on non-woven substrate backing.

MYLAR: Featuring metallic foil accents and printed on a vinyl surface with non-woven backing, this highly durable commercial wallcovering smooths effortlessly and is easy to remove.

ROLL SIZE

Unless noted with an asterisk (*), all double rolls of wallpaper in this collection are:

27" wide x 27' long totaling 60.8 sq. ft. (68,5 cm x 8,2 m or 5,6 m²)

*20.8" wide x 33' long totaling 57.2 sq. ft. (52,82 cm X 10,1 m or 5,3 m²)

**These are wall murals. Please see dimensions on roomsets.

IMPORTANT

When you receive your order, please check to make sure that the design, color and quantity are correct. Also, please examine the wallcoverings for imperfections before cutting and hanging. We will replace defective merchandise, but will not be responsible for labor costs. Discolorations caused by unneutralized plaster or improper wall preparation are also not covered by this warranty.
